"There's probably no better estate than this in all of Canada, given its long track record for excellence, the large number of wines made and its willingness to innovate. The CSV is a benchmark Canadian Riesling, which embodies the richer, riper but very mineral, peachy style typical of the Beamsville Bench." — Ian D'Agata

Ian D'Agata, Vinous.com on Amarone...

"And of course Amarone is always an expensive wine. Clearly, if up to 40% of the grapes' juice is lost through evaporation during the air-drying process (which can last up to four months, depending on the producer), those who make Amarone are forced to charge a premium for their bottles. ...to think that one might get lucky and buy a satisfying Amarone for a song is delusional. It cannot happen, so caveat emptor."
